BGL CARGO EXPRESS LLC

**BGL Cargo Express LLC** was set up in Dubai last 2016 and has established a global network providing top of the class service to our clients. In the year 2021, we have achieved a new milestone by having our branch office in Hong Kong to support the services in this region. Combining proficiency with a desire for service distinction, BGL is advantageously located with the competence to address all of our clients' transport and shipping requirements from a small package to a large industrial project. BGL team is comprised of experts in supply chain and logistics management, logistics operations, and supply chain technology. We are passionate about operating to the highest possible standards and we are committed to exceeding our customers' expectations.

BGL ensures that we can transport your import, export and transshipment cargos to / from any sea port and airport globally. Being an Elite Global Logistics Network (WCA affiliated), we can cover across 6 continents, over 122 countries at more than 500 destinations. Our air freight and sea freight services provide economical and simplified solutions for all your shipping needs. Our professional team offer you only the superior service for customs brokerage and clearance transactions. We are proud to say that our land transportation service covers the whole UAE and GCC countries. Aside from general cargo warehousing and storage, we are authorized by the General Civil Aviation Authority to handle and store your dangerous goods cargo at the safest and cost-effective way. As a member of IATA, FIATA and NAFL, we have established a reputation of trust and goodwill among our clients and have gained recognition in the logistics market.

At BGL, we are committed to providing efficient and effective services that lead to a good future for various needs and demands of our clients and society. As we perform our duties, we make sure that the community where we serve is also being taken into consideration through our participation in charitable activities.
